

In the triangle below, list at least three common contributing factors that led to the various Indian wars in colonial times. Summarize your points in the space provided below the triangle.

A large, light gray inverted triangle with a white border. Inside the triangle, there are 15 horizontal black lines of varying lengths, starting from the top edge and tapering towards the bottom point, providing space for writing.

Summarize the way the points you list above contributed to wars between the Indians and the colonists:

Three horizontal black lines stacked vertically, providing space for a summary of the points listed in the triangle above.
